Conflict of Interest Statement

A conflict of interest or a potential conflict of interest occurs if a board or committee member has a separate, private, or monetary interest, either direct or indirect, in any issue or transaction under consideration. Members of advisory boards and committees shall not discuss, advocate, or vote on any matter in which they have a conflict of interest or an interest which reasonably might appear to be in conflict with the concept of fairness in dealing with public business. State law defines conflicts of interest for members of the Planning and Zoning Board and Board of Adjustment.

A conflict of interest does not preclude appointment to Town boards and committees. Disclosure of possible conflicts of interest protects you and the Town. Do you foresee having a conflict of interest with any matters you may address if reappointed to this board or committee?
